Medical Exclusive

TOSKANI MED

Regenerative medicine

3-months
protocol

Formulated with 99% natural origin ingredients.

- Improve skin health
- Reduce oxidative stress
- Increase blood flow
- Strengthen existing hair
- Regenerate roots
- Stimulate hair growth

Sabal Serrulata: DHT Blocker

- Inhibits the enzyme 5 α -reductase (5 α R) responsible for transforming testosterone into DHT¹²

TOSKANI MED

VitaStem®: Follicle Reactivation

Innovative free-form Curcuma longa extract that revitalizes the dermal papilla environment of the hair follicle^{3,4,5}

- Formation of new blood vessels
- Regeneration of hair tissue cells
- Rejuvenation of hair follicles

VitaSmart®: Anagen phase extension

Encapsulated signaling peptides from Curcuma longa stem cells^{6,7,8,9,10}

- Revitalization of the follicular matrix
- Extension of the anagen or hair growth phase
- Reduction of the telogen or hair loss phase

Suitable
for:

Alopecia
areata

Androgenetic
Alopecia

Anagen
alopecia

Tractional
alopecia

Telogenic
alopecia

Hair graft
post-op

i Reduced alcohol concentration is essential to avoid risking the survival of grafted follicles.

i A minimum concentration of alcohol is important in hair products as it dissolves the oil on the scalp and helps the penetration of the active ingredients.

Hair Cocktail Plus + DensiHair Boost Complex

An **advanced solution** to control hair loss and revitalize the scalp from the root. This innovative **two-phase** protocol combines mesotherapy delivery with powerful actives that work in synergy to **halt hair loss, stimulate growth, and strengthen follicles**.

Hair Cocktail Plus 10ml

- **Significantly reduces hair shedding**
Sabal Serrulata
- **Improve microcirculation**
Troloxerutin, Iron Gluconate, Coumarin
- **Antioxidant protection**
Glutathione, Taurine, Biotin, Panthenol, Thiamine, Pyridoxine

DensiHair Boost Complex 5ml

- **Activates latent follicles for new growth**
Copper Tripeptide, SH-Polypeptide-1, SH-oligopeptide-2, Taurine, Arginine
- **Hair strengthening**
Amino Acids, Coenzyme A, Nicotinamide adenine dinucleotide, Niacinamide, Taurine
- **Antioxidant protection**
Glutathione, Glutamine, Retinyl Palmitate, Biotin, Riboflavin, Cyclic Adenosine Phosphate

Holistic regenerating and anti-hair loss treatment

Home Maintenance Protocol

Essential post-procedure care to maximize and prolong clinical results.

Densihair Boost Lotion

Intensive Topical Therapy

100ml

A high-potency topical solution designed to work in synergy with in-clinic mesotherapy. It extends the stimulation of the hair follicle and maintains a healthy scalp environment.

•Activates Growth

Delivers concentrated active ingredients to prolong the Anagen (growth) phase.

•Scalp Health

Hydrates and rebalances the scalp microbiome to reduce inflammation.

•Densifies

Clinically proven to increase hair shaft thickness and overall density.

DensiHair Boost: in vivo study¹¹

Study with 40 volunteers lasting 150 days:

Objective Evaluation of results:

Subjective Evaluation of results:

Densihair Boost Capsules

Advanced Nutraceutical Support

30 capsules (5 mg/capsule)

Nutraceutical Support

A dual-action oral supplement that targets the hormonal and nutritional causes of hair loss from within.

•Hormonal Defense

Contains Sabal Serrulata to inhibit 5-alpha reductase (the enzyme responsible for converting testosterone to DHT).

•Follicle Nutrition

Provides essential amino acids (Cystine, Methionine) and vitamins required for keratin production.

•Antioxidant Protection

Combats oxidative stress that accelerates follicle aging.
